BRANCA

is a Portuguese Design label for the home, art directed by Marco Sousa Santos.

BRANCA's presents a product collection where each piece is the result of an experimental approach, supported by detailed research into the aesthetic and structural qualities of the materials, taking pride in working with high quality craft producers, combining their handmade skills with the latest digital production tools.

BRANCA products represent design diligence, as each one is the result of ongoing dialogue and experiments between the craftsman and the designer. Designs are only launched once function, quality, ergonomics, structural integrity, finish and appearance come together as a whole.

By uniting Portuguese craftsmanship traditions with contemporary aesthetics, BRANCA aims to reignite the bygone era when products were developed with patience, expertise, knowledge and integrity, aiming to truly reach the level of a high-end international product brand.

BRANCA

é uma marca de mobiliário de autor com direcção artística de Marco Sousa Santos.

A BRANCA, desenvolve os seus produtos numa abordagem experimental a partir das qualidades estruturais e estéticas dos materiais e em diálogo directo com alguns dos melhores produtores Portugueses de mobiliário, combinando a sua experiência e “conhecimento” com as novas tecnologias digitais de produção industrial.

Os produtos BRANCA, reflectem cultura do design, e cada objecto resulta de um diálogo entre designer e artesão. Esse trabalho e diligência só se dá por concluído e apenas é apresentado, quando a funcionalidade, a qualidade, a ergonomia e a aparência visual se revelam como um todo.

Unindo a tradição artesanal à estética contemporânea, BRANCA espera reeditar a atitude de integridade, experiência e conhecimento com que noutros tempos os produtos utilitários eram desenvolvidos, procurando nessa atitude as raízes do crescimento de uma marca Portuguesa de relevância Internacional.

Art Direction

Marco Sousa Santos is a Lisbon based Designer who has been working across several fields of Design and Design management.

Since 1995, he has promoted several projects and Design collections with national and foreign authors, contributing to the new "Vision" on Design culture in Portugal.

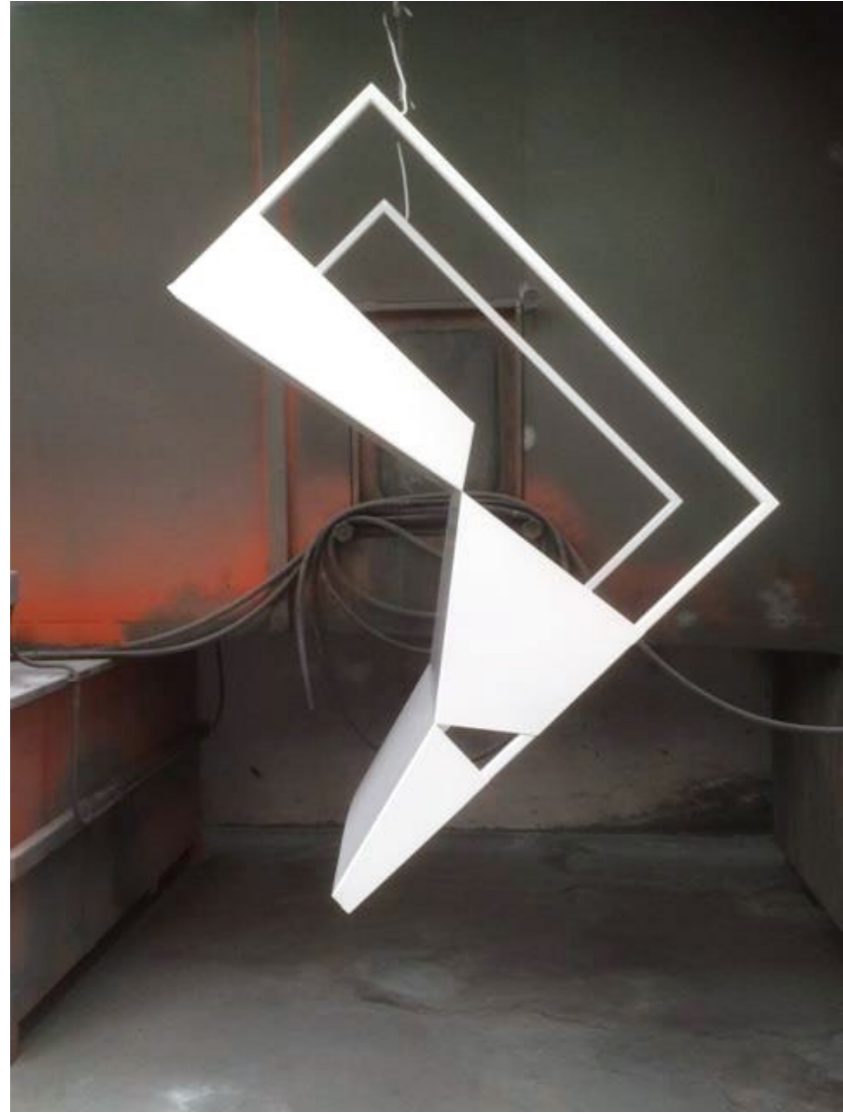

As a Designer, Marco Sousa Santos is firmly rooted amongst a generation of Designers who have built a strong international reputation for contemporary Portuguese Design. His projects and products have been displayed and exhibited in institutions of reference, in London, New York, Milan, or in Paris, featured alongside some of the world's most prestigious Designers.

Direcção Arte

Marco Sousa Santos é um Designer residente em Lisboa que tem trabalhado em várias áreas do Design e da Gestão do Design.

Desde 1995, como fundador e diretor da Proto Design e Experimenta Design, tem promovido vários projectos e coleções de Design com autores nacionais e estrangeiros, contribuindo para a nova "Visão" da cultura do Design em Portugal.

Enquanto Designer, Marco Sousa Santos está firmemente enraizado numa geração de Designers que construiu uma forte reputação internacional pelo Design Português contemporâneo. Os seus projetos e produtos foram expostos e exibidos em instituições de referência, em Londres, Nova Iorque, Milão ou Paris apresentados ao lado de alguns dos Designers mais prestigiados do mundo.

Production

BRANCA takes pride in working with high quality craft producers, combining their handmade skills with the latest digital production tools.

By uniting Portuguese craftsmanship traditions with contemporary aesthetics, BRANCA aims to reignite the bygone era when products were developed with patience, expertise, knowledge and integrity, aiming to truly reach the level of a high-end furniture and accessory brand. Branca products represent design diligence, as each one is the result of an ethical approach on function, ergonomics, structure and surface.

Aiming for a "Good Design" enterprise, Branca designs take good count on sustainability, material economy, and local integration for a balanced result on price, quality and innovation. Working along the years with the best experts on solid wood from the region of Rebordosa and Paredes we are proud to bring design as a daily approach into our production partners.

Produção

A BRANCA orgulha-se de trabalhar com produtores artesanais de alta qualidade, combinando as suas habilidades artesanais com as mais recentes ferramentas de produção digital.

Ao unir as tradições do artesanato português com a estética contemporânea, a BRANCA pretende reacender o passado, quando os produtos eram desenvolvidos com paciência, competência, conhecimento e integridade, com o objetivo de atingir o mais alto nível de qualidade numa marca de móveis e acessórios. Os produtos Branca representam diligência de design, pois cada um é o resultado de uma abordagem ética da função, ergonomia, estrutura e superfície.

Empenhados em empreender um "Bom Design", a Branca considera a sustentabilidade, economia de materiais e integração ao local para um resultado equilibrado no preço, qualidade e inovação. Trabalhando ao longo dos anos com os melhores especialistas em madeira maciça da região de Rebordosa e Paredes, orgulhamo-nos em trazer o Design como uma abordagem diária aos nossos parceiros de produção.
